Co-Owner of Carson Valley Golf Course

In Celebration on Women's Golf Day upcoming on Tuesday, June 4, the [California Golf Course Owners Association](#), [Nevada Golf Course Owners Association](#), and [NGCOA Arizona](#) will profile a series of inspirational women with deep roots in golf.

Manya Brooks believes in creating positive experiences for everyone out on the Carson Valley Golf Course. Co-owner of the course with her husband, Manya enjoys playing golf with her family. In fact, her course prides itself in being family friendly, encouraging everyone to come out and learn golf.

Offering a variety of instructional programs for children players, Manya loves seeing kids under 17 years of age excited about the game! They learn etiquette, putting, chipping, full swing, and are allowed plenty of time to just have fun on the course where they are making memories to last a lifetime.

In addition to emphasizing the family friendly environment, Carson Valley Golf Course became the first course in Nevada to offer Footgolf, a combination of soccer and golf.

Offering multiple activities on the course, Manya knows the importance of getting outside and encourages women of all ages to grab a friend, pick up a club, and learn the game. To boost participation, Manya started the *G9 (Girlfriend 9) & Wine* events that are held every Thursday afternoon at 4:30 pm. Participants come out and play nine holes of golf with their girlfriends all while enjoying a complimentary glass of wine. The event has proved to be a success as Manya has seen a boost of confidence within the ladies' games as well as return participation from members and newbies alike.

Manya instills the importance of patience and understanding when beginners are just starting out. By providing guidance and a helpful hand, Manya hopes that she is creating a positive and comfortable environment for all to enjoy.
